This warranty covers defects in materials, workmanship, and internal component malfunctions under normal use.

Customers may purchase an extended warranty at the price listed on our website, which will cover these components (Processor, Graphics Card, Power Supply, Case, and RAM) under the same terms.

This warranty does not cover damage caused by, neglect, unauthorized repairs or modifications, viruses or malware, electrical surges, natural disasters, or environmental factors. The warranty is void if the customer disassembles the PC, graphics card, or power supply.
